

be very practical in a lot of cases. I know that we have kicked it around. I have found myself in the same position you are, but when it comes right down to it the basic purpose of the park permit fee is to raise money and I guess we have decided, after kicking the fee around a number of different levels, that we just as well leave it there and treat it that way. I know that there are those who, from time to time, out of curiosity or some other reason want to just drive through a park and we never really did consider that sort of a permit.

SENATOR HARTNETT: Okay, thank you.

SENATOR LAMB: Is there further discussion? If not, Senator Schmit, did you care to close on your bill?

SENATOR SCHMIT: (Microphone not on immediately) ...the bill be advanced.

SENATOR LAMB: The motion is the advancement of LB 167. Those in support vote aye, those opposed vote no. Have you all voted? Please record, Mr. Clerk.

CLERK: 28 ayes, 0 nays, Mr. President, on the advancement of 167.

SENATOR LAMB: LB 167 has been advanced to E & R Initial. Mr. Clerk.

CLERK: LB 184, Mr. President, was offered by Senator Schmit. (Read title.) The bill was introduced on January 5, referred to Natural Resources, advanced to General File. I have no amendments to the bill, Mr. President.

SENATOR LAMB: The Chair recognizes Senator Schmit.

SENATOR SCHMIT: Mr. President and members, this is a bill which allows those individuals who raise game birds to use a different method of identification, a single-tag method of identification. At the present time, you need to have a two-part tag and when the game is sold one part needs to be separated and mailed in and it causes some additional confusion. The individuals who are in this business are all well recognized and cooperate with the Game and Parks and it was felt that this new method of identification was satisfactory. I would be glad to answer any questions.
